

From those that brought you the H-racer,  
the world's smallest H<sub>2</sub> car....

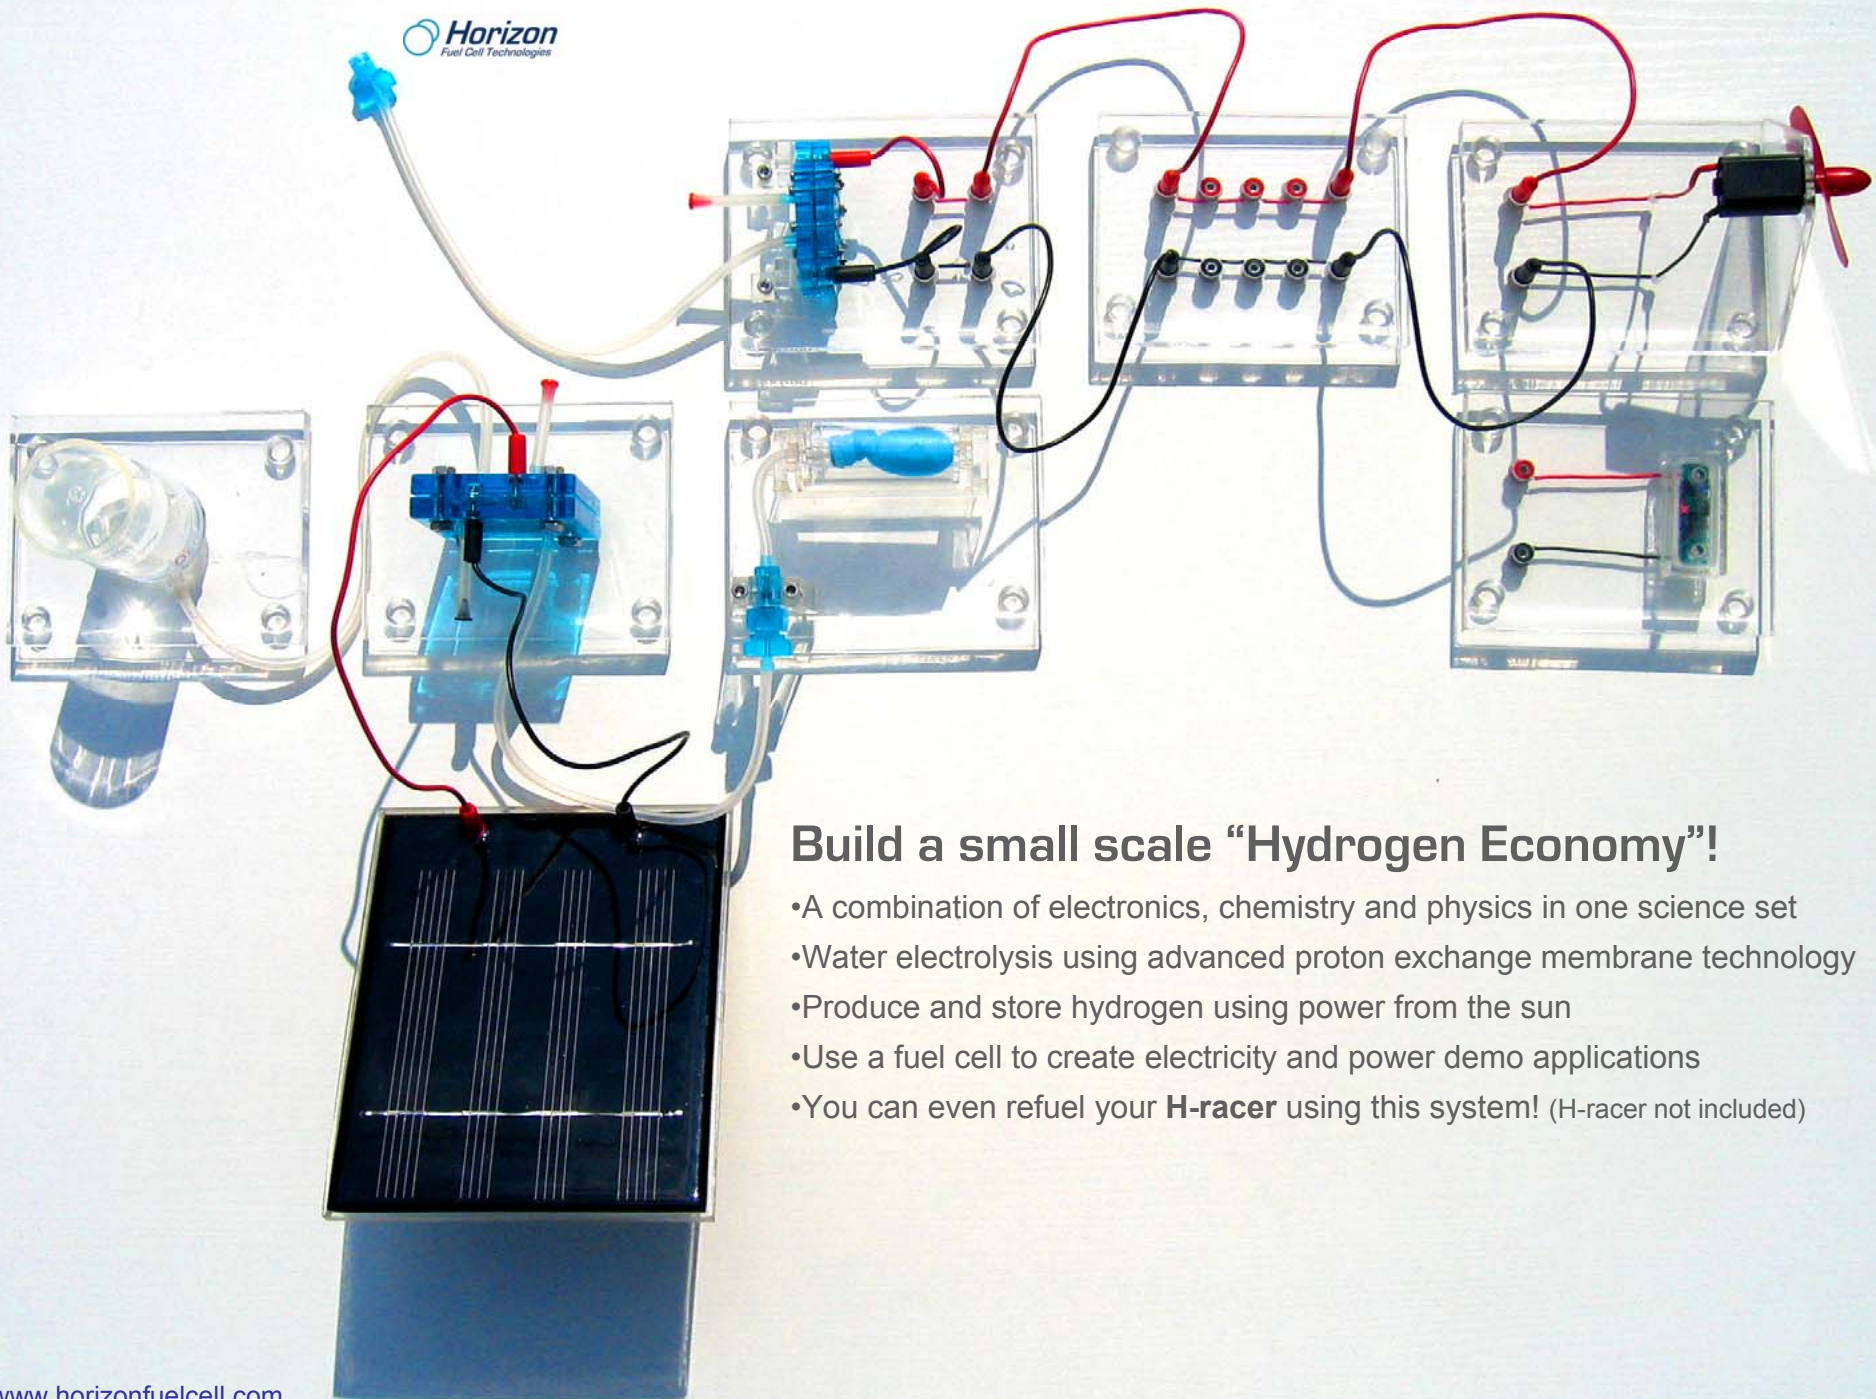

## Introducing.....The Renewable Energy Education Set

The Renewable Energy Education Set is a modular experiment set designed to demonstrate the workings of clean energy technologies on a miniature scale. With this kit, an entire miniature renewable energy system can be constructed. The set is modular so users can learn the system step by step, configure the system in different ways, and visualize a complete working clean energy system from start to finish.

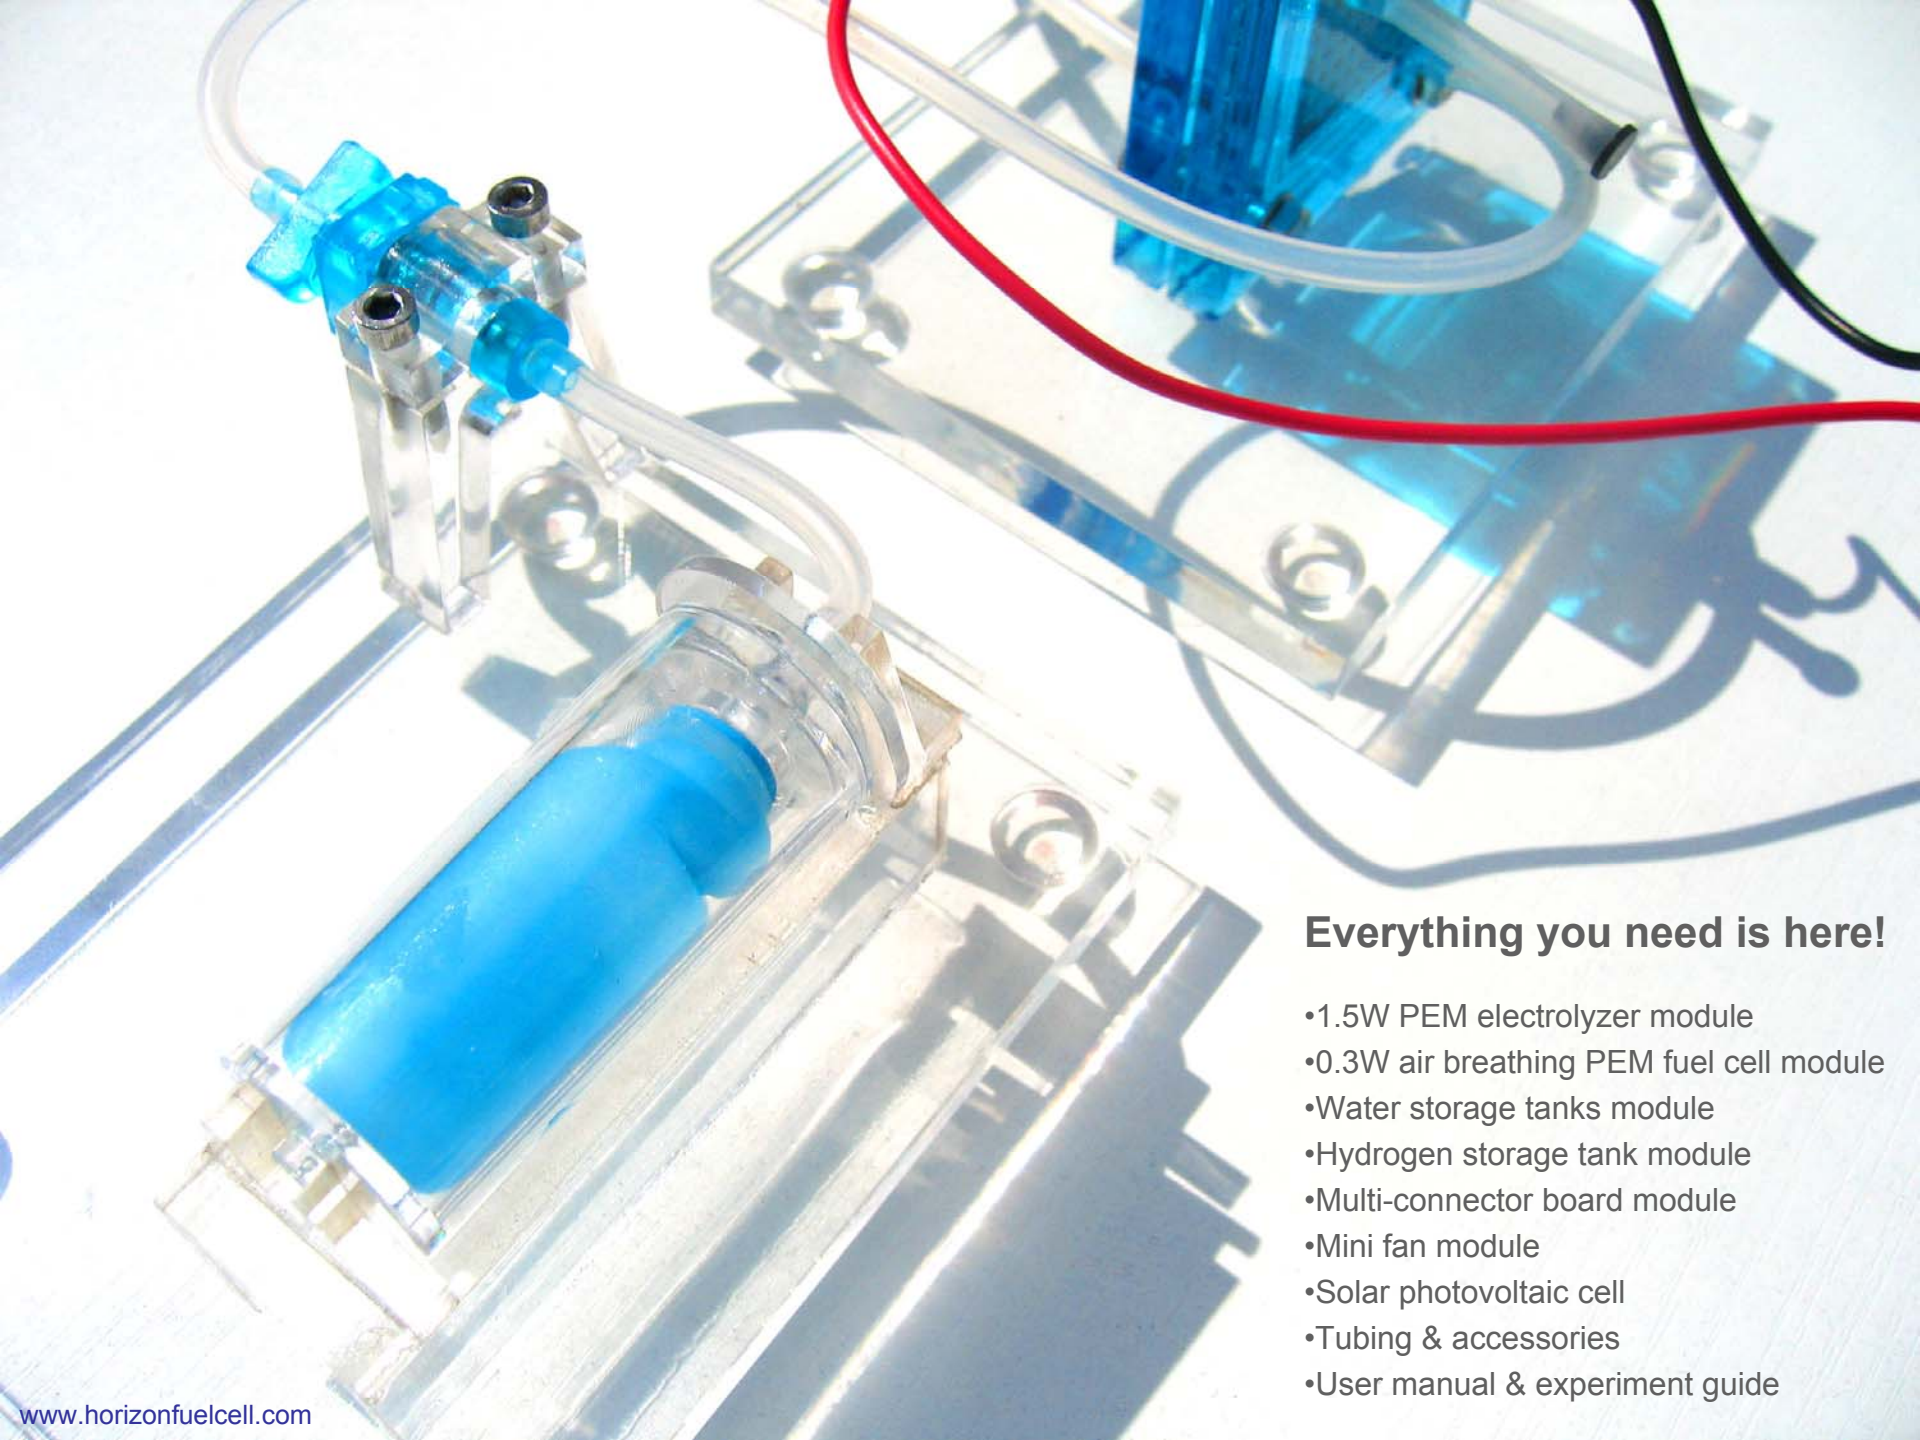

See how renewable energy can be harnessed, stored, and re-used in all kind of applications – and how hydrogen is the unique link between natural sources of power and power consuming devices - using fuel cell technology.

## Build a small scale “Hydrogen Economy”!

- A combination of electronics, chemistry and physics in one science set
- Water electrolysis using advanced proton exchange membrane technology
- Produce and store hydrogen using power from the sun
- Use a fuel cell to create electricity and power demo applications
- You can even refuel your **H-racer** using this system! (H-racer not included)

## Everything you need is here!

- 1.5W PEM electrolyzer module
- 0.3W air breathing PEM fuel cell module
- Water storage tanks module
- Hydrogen storage tank module
- Multi-connector board module
- Mini fan module
- Solar photovoltaic cell
- Tubing & accessories
- User manual & experiment guide

# Renewable Energy Education Set

To order, please complete the form, fax it back to:  
(+86) 21 5270 5064 or e-mail to [sales@horizonfuelcell.com](mailto:sales@horizonfuelcell.com)  
transfer the funds according to payment details below.

Name: \_\_\_\_\_  
Position: \_\_\_\_\_  
Company: \_\_\_\_\_  
Address: \_\_\_\_\_  
Zip Code: \_\_\_\_\_ State: \_\_\_\_\_ Country: \_\_\_\_\_  
Tel No: \_\_\_\_\_  
Fax No: \_\_\_\_\_  
Email: \_\_\_\_\_

**Sample Request: Renewable Energy Education Set**

**Tick choice:**

- \_\_\_\_ 1 units
- \_\_\_\_ 14 units
- \_\_\_\_ 8 units

Enter preferred courier account number: \_\_\_\_\_

no courier (add shipment cost of \$35 for US, \$45 for other)

Authorization Signature \_\_\_\_\_

**PAYMENT DETAILS**

**BANK TRANSFER INFORMATION:**  
HSBC Bank  
No. 1 Queens Road, Central Hong Kong  
Account name:  
Horizon Fuel Cell Technology (HK) Ltd  
Account number: 178-728085-838  
Swift Code: HSBC HKHHHKH
